PROFILE

As a motivated and driven student, my aim is to enhance my knowledge and establish a successful career in software engineering. With experience in various coding languages and UI design, I possess the technical abilities and creative skills to create innovative solutions that contribute to business expansion. I excel in collaborative settings, as I enjoy solving problems and leveraging technology to make a meaningful impact. In addition, I maintain a balanced lifestyle by engaging in activities such as surfing, photography, and videography and more. As a well-rounded individual, I am prepared to work diligently and continue learning.
